

Application

Our high-visibility protection caps are made to be fitted to the exposed ends of scaffold tubing.

They are universal to the most commonly found pole diameters in modern construction

Scaffold End Caps

Technical Specification

Health and Safety regulations recommend that high visibility protection caps be fitted to the exposed ends of scaffold tubing.

Our Scaffolding Pole End Caps are made from **Virgin Polypropylene (PP)** and we also offer an **ECO Friendly** version that requires less material, meaning we can pass the savings onto you!

Techmarkets manufacture scaffold end caps in a range of colours, yellow is the most popular. Company Logo's can also be incorporated
