

Application

Pile Cage Rollers are attached to the external steelwork of pile cages to ensure the correct spacing of the steel from the shuttering

Rollers also help to maintain the required concrete cover over the entire length of the pile

Pile Cage Rollers

Technical Specification

Pile Cage Rollers are circular in shape, and made from **Reprocessed High-Density Poly Ethylene (HDPE)**, ensuring they maintain their integrity and offer reliable, smooth entry of reinforcing cages without distortion

Pile Cage Rollers are available in **two** diameters, providing concrete cover options of **50mm** or **75mm**

All of the Pile Cage Rollers manufactured by Techmarkets are fully tested and comply with **BS7973-1:2001**

*This is a **stock item** available for immediate delivery.*

Pack Quantities

Pile Cage Rollers come in **two** variations

Product	Diameter	Pack Quantity
50 PCR	50mm	Pack of 100 - 3,500 per pallet
75 PCR	75mm	Pack of 200 - 7,000 per pallet
