

Application

Ex Fixings are used when high pull-out resistance is required.

The rough head provides a good surface to assist in the bonding of render to the insulation underneath

Ex – Fix

Technical Specification

Our **Ex-Fix** insulation fixing features an expansion pin that is driven in to the stem of the fixing to expand the diameter and provide pull-out resistance.

These parts have a 50mm diameter head. The drill diameter required for the stem is 10mm.

The fixings themselves are made from **Virgin Polypropylene** and the expansion pins are manufactured from **30% Glass Filled Nylon**.

Ex-Fix are available in lengths from **60mm** to **130mm**.

*This is a **stock item** available for immediate delivery*

Pack Quantities

Our Ex-Fix contain the respective nails for each length

Product Code	Length	Insulation Thickness	Box Quantity
20055	60mm	15mm to 30mm	200
20056	90mm	40mm to 60mm	200
20057	110mm	60mm to 80mm	200
20058	130mm	80mm to 100mm	200
