

Application

Chain guards are used to protect the edges of precast products against damage from lifting chains or hawsers during lifting or transportation

Chain Guards

Technical Specification

Techmarkets offer Chain Guards in two variations, **Small** and **Large**

They are made from a strong, **Virgin Polypropylene (PP)** to ensure they can be used repeatedly and withstand the wear that may be present on long journeys and in harsh conditions

These Chain Guards can also be used in conjunction with several types of securing apparatus such as **Chains, Ratchet Straps, Ropes** and more

*This is a **stock item** available for immediate delivery*

Pack Quantities

Each component is **sold separately**

Product Code	Product	Pack Quantity
20242 - S	Chain Guard (Small)	50
20242 - L	Chain Guard (Large)	100
